Avdel® 12mm NeoBolt® XT

High strength, vibration resistant lockbolt designed for use in large diameter heavy-duty structural applications.

AVDEL®

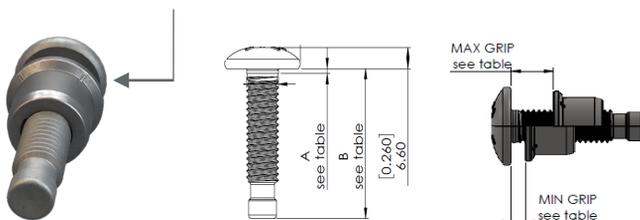

Avdel® 12mm NeoBolt® XT Lockbolt

A high strength & vibration resistant lockbolt designed for use in large diameter heavy-duty structural applications.

The Avdel® 12mm NeoBolt® XT is a high-strength lockbolt designed for applications where vibration and dynamic loads are present.

- **High Shear and Tensile Strength:** superior performance and reliability in heavy-duty applications.
- **Quality Assurance:** Quick visual inspection of collar swagging ensures quality and reduces the risk of installation errors.
- **Reduced Noise and Waste:** No pin break reduces installation noise and eliminates metal waste, while high corrosion resistance ensures long-lasting durability.
- **Tamper-proof Joint:** Collar design of the Avdel® 12mm NeoBolt® XT provides added security and protection against tampering.
- **Consistent Clamp Loads:** Locking mechanism ensures stable and reliable performance, even in challenging environments.

Collar Swage Indicator Bars

Installation Tools

734 AV® Series: AV® 20

- Robust and highly durable designed for a long working life in extreme conditions
- Pulling force: 80 kN
- Stroke: 45 mm

Nose equipment and accessories available – Please contact us for more details

Applications

Solar PV Trackers

Wind Turbines

Energy Storage

Trailers

Large HVAC

Railway

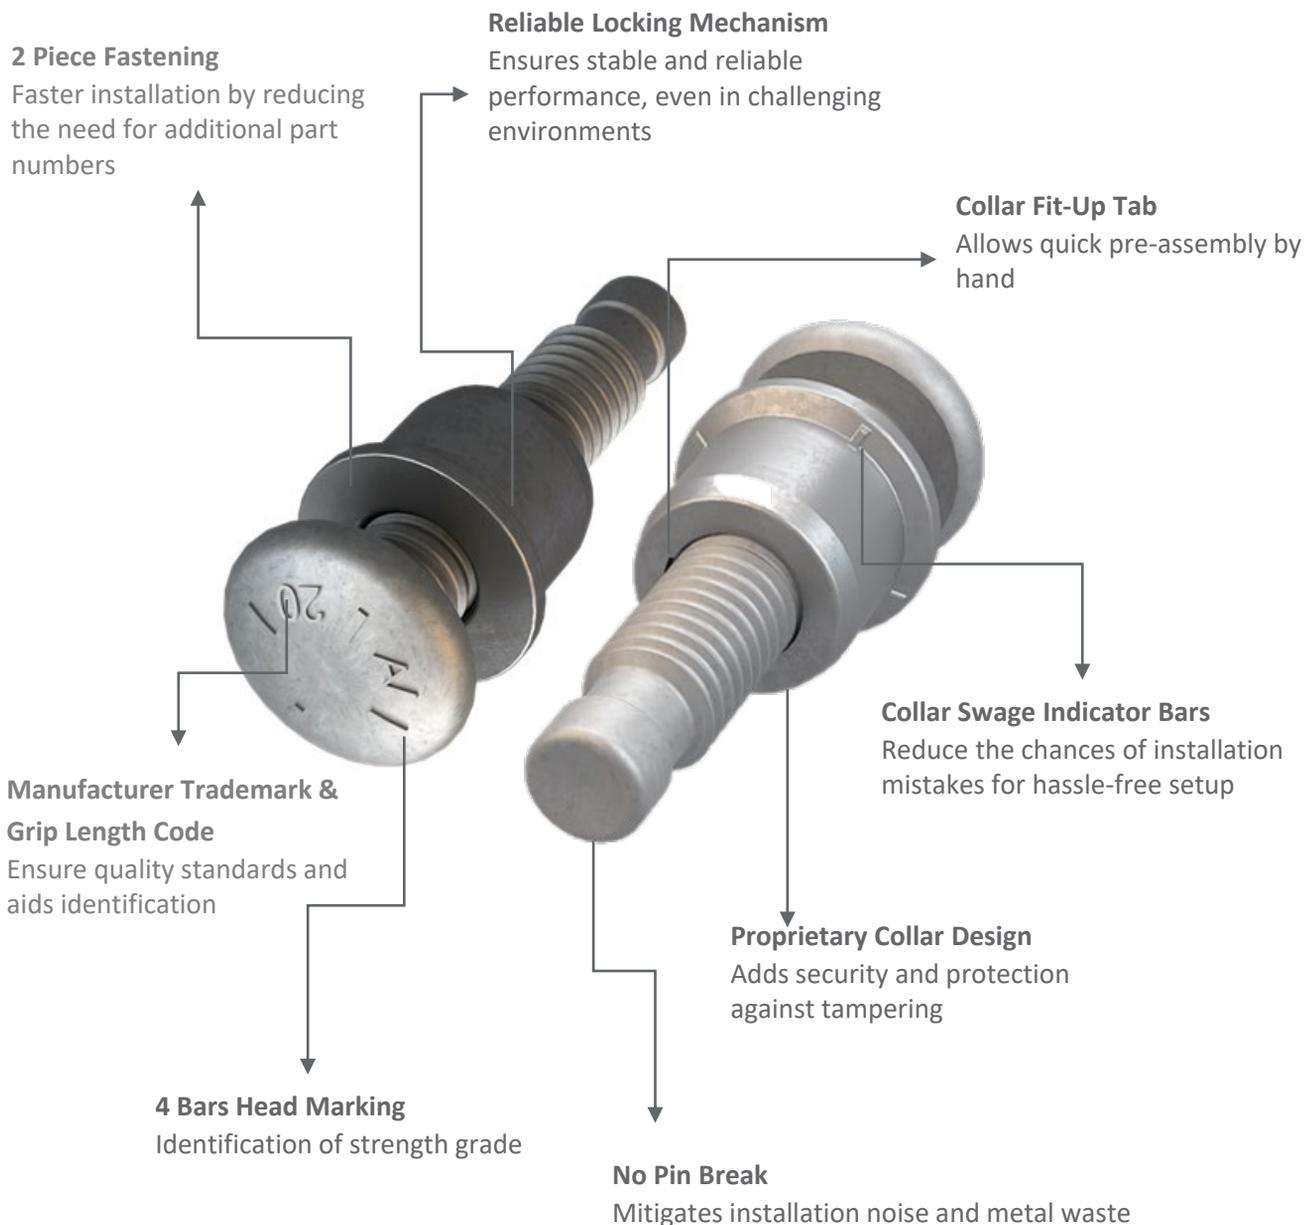

Technical Details

12mm NEOBOLT® XT

Part No.	Grip Code	Grip Range		Recommended Hole Size		A Nominal	B Nominal	Installed Performance			Collar Part No.

STANLEY
Engineered Fastening

Stanley Engineered Fastening — a division of Stanley Black and Decker — is the global leader in precision fastening and assembly solutions. Our industry-leading brands, Avdel®, Integra™, Nelson®, Optia™, POP®, Stanley® Assembly Technologies, and Tucker®, elevate what our customers create. Backed by a team of passionate and responsive problem-solvers, we empower engineers to create the future.
